Svensk Certifiering Norden AB certifies that the environmental management system has been reviewed and complies with:

ISO 14001:2015

Details of scope and the range of the certificate

are defined in the certification decision.

The management system covers:

Truesec is an expert company that focuses on cybersecurity consulting services, managed services, and incident response. Our purpose has been clear since day one: prevent breach and minimize impact.

During the years in which we have operated our business, we have succeeded in creating teams of industry-leading professionals with extensive experience and a passion for defending against cyber threats. Today, we engage in wide-ranging activities including critical assignments related to national security and infrastructure, lectures at large international conferences, research assignments and investigations, and assisting in cases of acute incidents.
