With subsidiaries according to appendix

Stockholm (HQ) Sweden  
All sites according to appendix

Svensk Certifiering Norden AB certifies that the information security management system has been reviewed and complies with:

**ISO/IEC 27001:2022**

Details of scope and the range of the certificate are defined in the certification decision.

**The management system covers:**

Truesec is a specialist cybersecurity company delivering consulting services, managed security services, and incident response. Our purpose has been clear since day one: to prevent breaches and minimize their impact.

Over the years, we have built teams of industry-leading professionals with deep experience and a genuine passion for defending organizations against cyber threats. Today, Truesec is trusted with a broad range of engagements, including work related to national security and critical infrastructure, speaking at major international conferences, conducting advanced research and investigations, and assisting customers in managing and recovering from major cyber incidents.

*According to statement of applicability version 7.0 dated 2024-12-11.*
